INCOME PROTECTION

YOUR ABILITY TO EARN AN INCOME MAKES POSSIBLE ALL THE OTHER ELEMENTS OF YOUR LIFE.

True security:

Let's be frank. We sell a lot of Health & Dental Benefits coverage and Life Insurance because they're important elements of your overall financial security. But if we could recommend just one kind of insurance that would provide true security for most people, it would be Disability Insurance - it's the only way to really protect the life you're working so hard to build for yourself and your family. Think about it. If your income was suddenly ended by accident or illness, what would happen next?

Surprisingly affordable:

You might think that insuring your ability to meet your financial obligations in the event of disability would be expensive, but it's actually quite affordable. And when you consider what could happen without it, it's downright cheap. Take a look at the rates in the Application Form, and you'll see that we can provide you and your loved ones with comprehensive coverage at a reasonable cost.

Experienced Service Providers and Trusted Insurers:

Having coverage is one thing, but having the right people on the other end of the line to handle your inquiries and claims promptly and professionally is just as important. That's why the **enVia Income Protection Program** is administered by the Norfolk Financial Group (Calgary), and underwritten by Lloyd's of London (Certain Underwriters).
